

## Construction of Act Very Far-Reaching in Drive Against Bolsheviks.

Special to The World.

OKLAHOMA CITY, Nov. 28. Apparently American Legion posts in various parts of the state are determined to prosecute cases of disloyalty and intend to invoke the new "anti-syndicalism" law enacted by the last legislature to halt the spread of the use of picketing and other disloyal acts. The anti-syndicalism laws were drafted by State Senator Luther Harrison of Ada, and is regarded as one of the strongest statutes intended to curb disloyalty. Known as Senate Bill No. 42, the anti-syndicalism law, which is the subject of page 119, Chapter 2, Session laws of 1919, defines syndicalism as follows:

"Sabotage is defined in the following manner: 'Sabotage is hereby defined to be a malicious, felonious, intentional or unlawful damage, injury to or destruction of real or personal property of any employer or employers or by an person or persons at their own instigation or for the purpose of instigation of such person, persons, employer or employers, employers or any other person.'"

**Law Affects Every Violation.** The prohibitive acts included in the anti-syndicalism law are: "Any person, who, by word or mouth or writing advocates, affirmatively or suggests or teaches the duty, necessity, propriety or expediency of doing any act of violence, to any person, or the commission of any crime or unlawful act, or who shall advocate, affirmatively suggest or teach the duty, necessity, propriety or expediency of doing any act of violence, to any person, or the injury to any property, the bodily injury to any person or persons, or the commission of any crime or unlawful act as a means of accomplishing or effecting any industrial, political, or social change, or for profit, or profit; or who prints, publishes, edits, issues or knowingly circulates, sells, distributes or publicly displays any books, pamphlets, papers, printed or written matter, or any printed or printed matter in any form whatsoever, containing matter advocating, advising, affirmatively suggesting or teaching crime, criminal syndicalism, sabotage, the commission of any act of violence, the destruction of property or damage to any property, the injury to any person, or the commission of any crime or unlawful act as a means of accomplishing or effecting any industrial, political ends or change, or as a means of accomplishing, effecting or bring about any industrial or political revolution or for profit, or attempt to justify by word of mouth or writing, the commission or the attempt to commit sabotage, the destruction of property, the commission of any act of violence, the injury to any person or the commission of any crime or unlawful act, with the intent to exemplify, spread or teach or affirmatively suggest criminal syndicalism, or who organizes or becomes a member of or voluntarily assembles with any society or assemblage of persons which teaches, advocates or affirmatively suggests the duty, necessity, propriety or expediency of doing any act of physical violence, or the commission of any crime or unlawful act as a means of accomplishing or effecting any industrial, political, or social change, or revolution or for profit, is guilty of a felony and upon conviction thereof shall be punished by imprisonment in the state penitentiary for a term of not more than 10 years, or by a fine of not more than \$5,000 or by both such fine and imprisonment."

**Assembly is Denied.**

The use of a building as a meeting place of such an assembly as is defined in the previous article is prohibited in the ordinance which says: "The owner, lessee, agent, superintendent, or person in charge of occupation of any place, building, room, rooming house, or premises, who permits therein any assembly or consort of persons prohibited by the provisions of section three of this act, or who after notification by the police of the public peace of such place, building, room, rooming house, or premises or any part thereof is or are summoned, permits such use to be continued, is guilty of a misdemeanor and punishable by imprisonment in the county jail for not less than 60 days or for no more than one year, or by a fine of not less than \$100 or more than \$500, or by both such fine and imprisonment."

The "anti-syndicalism law," which carried the emergency session and became effective upon signature by Governor Robertson on March 10,

## UPPER PENINSULA FEARS DEER WILL BE WIPED OUT

**SOUTH STE. MARIE** Mich., Nov. 23.—The greatest Venetian chase the upper peninsula has ever witnessed began recently. By noon of the opening day 4,119 men had arrived with their guns and other equipment, compared with 2,026 at the beginning of last season. The season's total from lower Michigan in 1918 was 2,504.

There is much talk of this being the last season for hunting in the upper peninsula for some time to come. If each hunter here gets his deer the wilds will be so greatly depopulated of game that it will take several years to recuperate.

**Asleep, Falls From Window.**  
HUNTINGTON, W. Va., Nov. 29. While walking in his sleep George Haylett fell from a second-story window. The fall only awakened him and, clad in his nightclothes, he walked into the desk and asked for another key to get into his room.

**PAWTHUSKA** Nov. 28.—The towns and villages in Orange county grow so rapidly that it is almost impossible to keep track of the development.

The article of the population of the towns today and as they compared in 1910 has been made by K. L. & published in this Naticus News that is interesting.

**Avon** had 700 then, 1,000 in 1910, 1,400 today. 1910, 1,400. 1920, 1,700. 1930, 2,000.

# RUNAWAY SURFACE CAR CRASHES INTO GROCERY

**LAKEVIEW CITY, Mo., Nov. 29.**—A southbound Twenty-eighth street car yesterday took a liking to a grocery store at No. 2601 East Eighth street, and after a few minutes' rest turned the car over and down Prospect avenue, between Reed and Twelfth and Eighteenth streets, ran over the curb and half way into the street, leaving a trail of broken glass and debris.

**Building \$100,000 Parish House.**—

**CHICAGO, Nov. 29.**—Work on the erection of a \$100,000 parish house of the Holy Family parish, at Evanston, one block of which is to be a unique war memorial, now is under way. The memorial will be known as the "catholic cloister" and each of its five arches will bear the names of famous American battles in the world war—Cantigny, Belleau wood, Meuse-Argonne, St. Mihiel and the Argonne. At one end it will be erected a bronze tablet bearing the names of the men who died in service and each of the six columns will be topped by a statue named after one of the "heroic dead."

## *Fear Makes a Man Weak!*

The greatest worry in this world and the one which overshadows all others is the "bread and butter" problem. The more one fears it the larger it becomes and the harder it is to solve. Fear makes a man weak and takes from him some of the "pep" and "push" that he would otherwise have.

Every dollar you put in a savings account lessens the fear and simplifies the problem, turning weakness into strength; fear into confidence. A man with a growing bank account has confidence in himself, takes pride in his achievement, and is more of a man than one who has no reserve to fall back on. The sooner the start the quicker is the problem solved. We are opening accounts every day. Window No. 12.
